

Technical Data Sheet

C03 SLATE DRY VERGE

Product Details

The Kytun Retro-Fit Slate Dry Verge System trim is ideal for roofs to which slates have already been fixed, to prevent slates from wind uplift.

It is installed by placing the trim over the edge of the slates and face fixing into the barge boards.

The components are manufactured from high grade pre-primed polyester coated aluminium.

Product Features

- Provides full wind uplift and rain protection.
- Patented 'Drip System' which allows for self drainage of rain water into the gutter.
- Extremely easy and quick to install.
- Requires no maintenance once installed.
- Can be fully customised.
- Extensive range of colours available.
